## ABOUT

---

Hi! My name's Jeanylyn and I'm a front-end web developer based in Toronto with a background in journalism.

I build responsive websites and applications with clean and efficient code using HTML, CSS and JavaScript. Currently, I'm looking to join a dynamic and exciting team to create innovative and interactive digital products.

## EXPERIENCE

---

### Digital editor | Pagemasters North America (2015 – 2018)

- Used NewsGate, CQ/AEM and Escenic to edit stories, create web packages and layout articles online.
- Handled the homepage for thechronicleherald.ca, curated and edited the lineup of the site.
- Created social media posts for clients' various feeds, including Twitter, Facebook and Google+.
- Handled news, business, entertainment, sports and life stories for online treatment.
- Wrote web-friendly headlines, decks and cutlines.

### Reporter & editorial intern | The Globe and Mail (April, 2015)

- Wrote local and provincial news stories for print and online.
- Pitched relevant and interesting story ideas to the news editor every morning.
- Monitored wires and published stories to theglobeandmail.com.

## EDUCATION

---

### HackerYou College of Technology (2017 - 2018)

- Full-time web development immersive
- Part-time JavaScript
- Part-time introduction to web development

### Sheridan College (2013 - 2015)

- Diploma in journalism

### University of Toronto (2008 - 2013)

- Honours Bachelor of Arts
